**110 North Freeport Parkway,  
Suite 120 Coppell, TX 75019**

**Do you know what is  
living in YOUR drains?  
Well it's a lot and  
none of it is pretty!**

- » Stagnant Water
- » Dirt / Soap scum
- » Food particles & Grease
- » Salmonella and E. coli
- » Hair & skin dander

**Combine the above with sewer gases and you have a recipe for a bacteria breeding ground, producing a tremendous amount of odor causing and disease causing pathogens.**

### **What can be done?**

**As a authorized D7 Dealer, we utilize a powerful, yet mild, EPA registered disinfectant foaming cleaner developed by a US national laboratory from \$40M in research, development, and testing funds from multiple federal government agencies to clean and remove odor and disease causing bacteria, germs, mold, and more from your pipes and drains.**

## D7 Authorized Plumbers can:

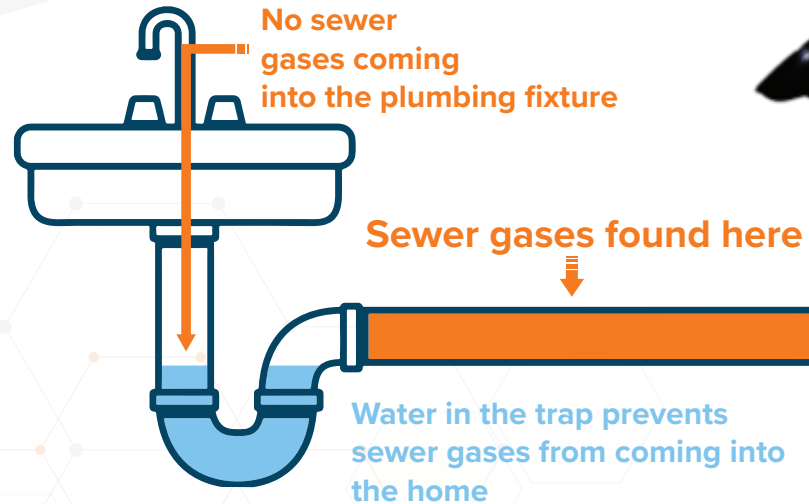

» Quickly and affordably clean and deodorize and thoroughly clean every drain in your home

» Eliminate odor causing bacteria and remove disease causing pathogens

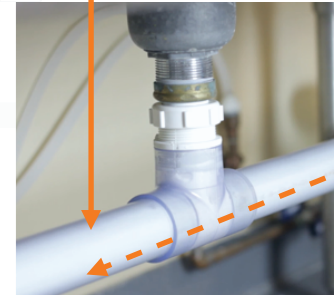

The same formula used to disinfect and deodorize your AC system, can be utilized with special equipment to effectively foam clean your drains.

**1.3 Gallon Foam Unit  
With Heavy Duty Trigger Gun**

**Before**

**After**

## CHEMISTRY THAT WORKS!

D7 capitalizes on the cleaning power of hydrogen peroxide, penetrating and disarming toxins at a molecular level. This specialized formula penetrates and eliminates pathogenic bacteria and viruses.

- **Reduces pathogens up to 99.9999%\***
- **Effective against SARS-Co-V2, the virus that causes COVID**
- **Multiple mechanisms to kill pathogens**
- **Mild ingredients**
